

Remote learning promise - EYFS

While children, parents and teachers are using the online platforms, we hope the positive behaviour and attitude that is expected in school, is mirrored online. This means ensuring we are showing our Bowerham Best not only in school but also when working remotely.

As part of the Bowerham family, while working online, we promise that...

The Bowerham children promise

I will attend drop in meetings with my adult to get support from my teacher if I am struggling.

I will listen carefully to my teachers and friends online.

I will do my Bowerham Best whether I am at home or in school.

I will be honest in all my online interactions.

I will look after the property that I am using to work online.

I will complete the tasks I have been set to the best of my ability.

The Bowerham staff promise

We will make sure our lessons are exciting and interesting.

We will support and respond to parent's questions via email or through Tapestry comments.

We will try to respond to your questions quickly and always support you in your learning.

We will continually challenge you to improve your work.

We will provide opportunities throughout the day for group calls and drop-ins.

We will always encourage you to stand tall, reach high, love learning.

The Bowerham parent promise

I will celebrate and praise my child on their achievements.

I will make sure that my child looks after their own and school's equipment.

I will contact school to discuss any concerns and attend parent consultations.

I will encourage my child to work independently as much as is possible.

I will support the school values both academically and behaviourally.

I will upload pictures, videos, comments and notes to my Tapestry account.
