

**Dear parents. We get it. We understand that adjusting to a new routine and trying to balance work commitments with children at home is tricky. With this in mind, we have made some key changes to how we deliver remote learning to add in more flexibility for our families at home.**

## THE TIMETABLE...

### Class morning call

This call will be open on Showbie at the time stated on the timetable. During this call the teacher will go through the lessons for the day. Please do not worry if you do not manage to log on at this time. We will record the call and post it in the 'class discussion' folder of Showbie so you can watch the call at a later time. In years 4, 5 and 6 this call will be hosted on Teams and will also be recorded so that it can be accessed at a later time.

### Lessons

Each day, in between the morning and end of the day call, we will set work for 4 lessons to be completed. Each lesson will be delivered on Showbie, using a presentation that has a voice recording of the teacher delivering the lesson. Children watch this presentation and they can pause and rewind when necessary. There will then be activities to complete. Children can then complete these activities independently. The timetable shows you how we would structure the days in school. However, if your child is working at home, we understand that every family has their own routines and it is ok to adapt the structure of the timetable where necessary.

### Class end of the day call

This call will be open on Showbie at the time stated on the timetable. During this call, the teacher will read the class book and check-in with the children. Please do not worry if you do not manage to log on at this time. We will record the call and post it in the 'class discussion' folder of Showbie so you can watch the call at a later time. In years 4, 5 and 6 this call will be hosted on Teams and will also be recorded so that it can be accessed at a later time.

Week beginning: 11/01/21

Teachers in school:

Teachers working remotely:

	Group call	Session 1	Session 2	Session 3	Session 4	Group call	Drop in sessions
Monday Day 1	Class morning call 2NN – 9:10 2AT – 9:20	<b>Literacy</b> Poems (approx. 45mins)	<b>Numeracy</b> Addition	<b>Topic</b> Lovely Lancaster	<b>Reading</b> Snapshot mat	Class end of the day call 2NN – 2:10 2AT – 2:30	10:00 am Numeracy
Tuesday Day 2	Class morning call 2NN – 9:10 2AT – 9:20	<b>Literacy</b> Poems	<b>Numeracy</b> Addition	<b>PE</b> Dance	<b>Reading</b> Snapshot mat	Class end of the day call 2NN – 2:10 2AT – 2:30	1:20pm Literacy

Friday Catch up day	Celebration assembly 2NN – 9:10 2AT – 9:20	<b>Just for fun activities Independent project</b>					

### Fridays

Fridays are for catching up on work you may not have been able to get to through the week; they are to give a little wiggle room for when it has not gone to plan during the week.

During this time, children can finish off work they may need to catch up on. If they are up to date with their work children can use this time to respond to teacher's marking, complete one of the just for fun activities or continue on their independent project.

### Just for fun activities

We thought that we would put some ideas together to ensure that home learning is not all done in front of a screen. Each week we will post 6 activities to keep you busy in a pink folder on Showbie called 'just for fun'.

### Independent project

We would like the children to complete a 5-week research project, where they will research, draft and create their own project that they will present when we return to school. You will find further details of this project on Showbie in a purple folder called 'Independent project'.

### Drop in sessions

Each day we will host drop in sessions. The time of these sessions will be on the timetable and may change each week. The timetable will also tell you what subject the drop in session will cover. The teacher will open the video chat in the 'class discussion' folder on Showbie at the time stated and children can join the chat if they wish. We will record the call and post it in the 'class discussion' folder of Showbie so you can watch the call at a later time.
